NEW COURT HOUSE

And Jail.—Some of the Reasons Why the Vote Should Carry.

First—The present Court House is an inflammable structure, exposing the records and papers to destruction by fire at any time.

Second—It is not large enough to accommodate the various county offices, the county business having outgrown the building.

Third—The county is out of debt and all kinds of building material are cheap, making it a favorable time to build.

Fourth—There are large amounts of oil property in the county subject to taxation which in a few years may be gone.

Fifth—The additional tax will be so small that no taxpayer that has the proper pride in county affairs ought to hesitate a moment.

Sixth—The demands for more room and fire protection are so urgent that they can not longer be neglected. Either a new building or a costly addition will have to be built. The people will never consent to another addition being made to this old building, therefore the only alternative is to vote for a new building.

Seventh—The jail is a disgrace to the county. It has been condemned by grand juries for 20 years.

Eighth—The laws of Ohio positively prohibit juvenile offenders from being confined with adult prisoners. In this jail the law can not be carried out. The only way is to build a new jail.

Ninth—In case of insane prisoners who frequently are confined in the jail, there is no place for them except in the women's room, which is likely to be occupied.

Tenth—The present jail is insecure. Any expert crackman can easily get out of it.

These are some of the arguments why you should vote for this proposition. There are others. However, if these are not convincing, nothing can be. It would seem to a reasonable man they ought to be conclusive.

INVESTIGATION

Of Policemen Posey and Weyrich Monday Night.

Monday evening a committee of Council, consisting of Messrs. Wittig and Pfaff together with Mayor Richardson, heard the evidence in the matter of the alleged misconduct, while on duty, of Policemen Posey and Weyrich.

Mr. Frank Ranger, who makes the charges, stated that about 3 o'clock Sunday morning of the 23d of October he went into the place of business of Davis & McCurdy, and found therein Officers Posey and Weyrich drinking beer with two men and two women.

Mr. Ranger detailed in fine the situation as he alleges he found it to be, and his testimony was such as would reflect discredit upon the conduct of the two officers.

Messrs. Posey and Weyrich each denied the charge that they had drunk a drop or had been found drinking. They said they had stopped into the place to get some oysters; that they had partaken of the oysters, and later cigars, but no drinks; that they saw no drinks sold while they were on the premises.

Messrs. Dan Wels, Walter Dye, Armin Seipel, E. M. Davis, Parkson Miller, Mr. Davidson and Be Rider, were called upon to testify, and each of these witnesses stated that the policemen were not drinking as charged by Mr. Ranger.

The investigating committee will report the testimony to Council tonight for that body's action in the matter.

Marietta Man Injured.

Mr. W. B. O'Neill, the architect, who went to Sistersville Monday forenoon, alighted from the O. R. R. train which stops there 20 minutes for dinner, and was walking up the track through the yards when the train started to pull out. The train had not gained much headway, but still it was going too fast to stop in time to avert the accident. It is said that he failed to notice the warning whistle of the engine and was in the middle of the track when struck and when the engine was stopped his body was entirely under the pilot, with just his head sticking out. He sustained a dislocated shoulder and several cuts about the hands, but a curious thing is there were no broken bones. It was at first thought that his injuries were fatal, but later advices show they are not so serious as that.

Oil operations are still rushing and as a consequence every allied trade is busy. The tank builders are kept hustling, which is a fine indication for good production. All the teamsters are rushed to get material to the fields of operation. Any direction you may go out from Marietta you will see the same activity.

At Lowell the villagers are still anxiously awaiting developments. There is already one well on the Dovenbarger farm, which lies near the head of Bear Creek, that has been producing from 25 to 30 barrels per day for nearly a month. The second well on the same farm was expected in Monday evening.

A prominent business man has just returned from Monroe county and states that all over that field there is not a dry hole. There are from 20 to 25 wells drilling or rigs being built in the field in and around Cameron. Three new rigs at Cameron going up and two new wells going down.

In the Henderson field the Cadmus No. 7 is now drilling and they have the rig up to No. 8.

The Moore Farm Oil Co.'s No. 3 came in Monday and is a gusher, probably one of the best in the field.

At Gravel Bank the Hovis No. 4 on the Dye farm for the great pressure of 200 pounds of gas. This is the greatest gusher in the field. This company has located its No. 5 and Kingsley has located No. 4 on the same farm.

The well on the Coffman farm was dry in the first sand.

Westerman & Co., on the Cooke farm, have abandoned their well and will not drill it to the Big Injun sand as was contemplated. They have located two wells on the West Virginia side on what is known as the Towhead back of Hutchinson's Island, and will make a thorough test of that territory, as they are to drill eight holes before giving it up.

The well known as the sandbar well on the head of Hutchinson's Island, is flowing 30 or 40 barrels per day although the well itself is eight feet under water.

Kingsley & Co. after being compelled to suspend operations for a week on account of having the rig in water, have resumed drilling.

Ranger No. 1 on Vienna Island has been abandoned and the rig will be moved to a location near Pinchtown, where they will drill just as soon as it can be gotten into shape.

The Reichart Oil Co. have leased the Fisher farm in Watertown township and have a rig going up. This is in wildcat territory and will be watched with interest.

Lively Times at the College.

Marietta College yesterday saw the revival of Holloween of the old times. Trouble has been brewing for several days. Rivalry between the Freshmen and Sophomore classes had become intense. Friday night the Sophomore class surprised the Freshmen by getting out bills on them. The Freshmen to return the compliment decided to burn the class of '01 in effigy. As soon as chapel was over the Freshmen made a rush for the Campus, where the dummy was ablaze. They formed a circle around it, twenty-four strong, gave their yell and dared the Sophomores to come on. The Sophomores, twelve in number, made a dash for their burning colors. Then was seen the Teutonic spirit of every man fighting for himself. The slugging they all did would be a credit to a Morgantown football game. The Sophomores finally knocked down the dummy and time was called.

The two classes lined up and gave their yells and the Sophomores read the bills they had gotten out on the Freshmen. Again a charge was made and the fight on to a finish when the professors stepped in and put an end to it.

The girls, who in the meantime had been cheering their favorites, now abandoned their claim as the "gentler sex" and became engaged in a hair-pulling match, making huge fun for the boys. Such is the result of co-education. The contest between the Freshmen and Sophomores was deprecated by none, but it certainly is regretted that the girls should so underrate their dignity as to become partakers in a class fight.

IN THE HOLY LAND

The German Emperor and Empress' Entrance Into the City of Jerusalem.

ENTRUSIASM AND JOY EVERYWHERE.

From the Tower of David to the Holy Sepulcher Their Majesties Proceeded on Foot Amid Cheers.

Sunday the Imperial Pair Attended Services at the Evangelical Church in Bethlehem, Afterward Paying a Visit to the Church of the Nativity.

JERUSALEM, Oct. 31.—The approach of their German imperial majesties to the city Saturday was made through triumphal arches and amid banners, garlands and overgrown crowds, displaying in every way their enthusiasm and delight.

The formal entry through the Jaffa gate was heralded by the roar of guns at the citadel, where the Turkish band played the German anthem.

From the Tower of David Emperor William and Empress Augusta Victoria proceeded on foot, amid wild cheering, to the Church of the Holy Sepulcher, where they were received by the Catholic, Greek and Armenian clergy, whose patriarchs presented addresses eulogizing the devotion of Emperor William, who has since conferred decorations on the patriarchs.

Their majesties then proceeded to the German Evangelical church, where the pastor presented an address.

At 6 o'clock in the evening (Saturday) a reception was held at the German consulate and later there was a general illumination of the city, with a display of fireworks.

Sunday the imperial pair attended service at the Evangelical church in Bethlehem, afterward paying a visit to the Church of the Nativity.

The weather Sunday was beautiful and everywhere the greatest enthusiasm was displayed.

After the excursion to Jericho, Djavad Pasha, former grand vizier, recently Turkish governor of Crete and now attached to the person of Emperor William as a special representative of the sultan, will leave the imperial suite. It is rumored that this is due to some unpleasantness.

Emperor William has sent his portrait in brilliant to Tewfik Pasha, Turkish ambassador to Germany, who was among the high Ottoman dignitaries that received the emperor and empress in Constantinople.

Emperor William and the empress, while at the Church of the Holy Sepulcher, visited the various portions of the sacred shrine and spent ten minutes at the scene of the crucifixion. Their return from the church was the occasion for an outburst of popular enthusiasm, palm branches being strewn along the way and the cobblestones laid with carpets.

LONDON, Oct. 31.—The Constantinople correspondent of the Daily Mail says: According to private information received here, Emperor William's reception at Haifa, Palestine, was anything but a success. The Turkish ironclads that were to fire a salute did not arrive until four hours after the emperor's departure, and nobody was allowed to witness the imperial landing from the windows.

JERUSALEM, Oct. 31.—The emperor and empress of Germany are curtailing their visit to the Holy Land. They have abandoned their trip to Jericho, owing to the European complications, and it is also believed they will not go to Syria.

Their majesties Monday morning attended the consecration of the Church of the Redeemer. The ceremony, in which the natives took a leading part, was most impressive and was marked with the greatest pomp.

SENSATION AT PONCE.

Two Alleged Anarchists Land From the Red D Line Steamer Philadelphia From the Spanish Main.

PONCE, Oct. 31.—A sensation was caused here Saturday on the arrival of the Red D line steamer Philadelphia from the Spanish Main, by the discovery in the hand bags of two passengers of a number of explosive cartridges containing dynamite.

The discovery was made by the custom officials and the passengers were arrested on the supposition that they are anarchists.

The police who fear that others belonging to the gang have escaped, are making a strict search.

WASHINGTON, Oct. 31.—A telegram has been received at the navy department stating that the Marie Teresa passed Cape May, Cuba, Monday morning, going at the rate of six knots under her own steam. All well.

LONDON, Oct. 31.—The Rome correspondent of the Daily Chronicle says the pope will shortly issue an encyclical on anarchism.

WERE TIRED OF LIVING.

Desperate Attempt of Rose Laurer and J. E. Cleckner to Commit Suicide—Rescued Just in Time.

CLEVELAND, O., Oct. 31.—A desperate attempt to commit suicide was made early Monday by Rose Laurer, aged 23, of No. 840 Lake street, and J. E. Cleckner, aged 32, of No. 394 Case avenue.

The couple walked out to the end of the dock of the Cleveland Yacht club, at the foot of Erie street, and tied themselves together with strips torn from a bed sheet. They then jumped into the lake.

Two Lake Shore railroad detectives were in the vicinity and witnessed the act. They at once ran down and dived into the icy water after the couple. The man and woman had already sunk several times, but were finally rescued after a long struggle on the part of the detectives. Both were taken to a hospital.

Cleckner is a conductor on the Cleveland & Pittsburgh road. Beyond saying that they were tired of living the couple would give no reason for their attempted suicide.

AKRON, O., Oct. 31.—A gigantic combination is forming to control the manufacture of black, white and salt-glazed stoneware in the United States. Fine lines of pottery are not included. There are 36 concerns to be represented, including several in this city, which have already organized. The president of the trust is R. F. Kent, of Akron, the treasurer is T. C.
